To whom it may concern,

I am pleased to recommend the services of Zero Azania for any Earthworks (Bulk) being executed.

VDLV worked together with Zero Azania where they executed all the bulk earthworks for project Sandvik next to the R21.

We faced a lot of difficulties and had to work hand in hand to ensure a top finished product handed over to us as well as coordination for access to ensure we can continue with works.

Zero Azania also went out there way to help us with ramps and access to all the buildings while busy executing their works

I would recommend working together with Zero Azania for any earthworks to be executed resulting in a top quality handed over product.

Yours faithfully

Willie Potgieter
